Supervisor:

Dr. L. N. C De Silva

Co-Supervisor:

Miss C. I. Thathsarani

1. Introduction

WillFair is an online platform designed to connect donors and donees through a user-friendly web application.

The system allows users to register, log in, make donations, request donations and organise and search for volunteers and volunteer for events.

This manual provides instructions for end-users to understand and use the main systems of WillFair effectively.

2. System Requirements

Hardware Requirements

- Processor: Intel Core i3 or higher
- Memory: Minimum 4GB RAM
- Storage: At least 2GB of free disk space
